

Registration for the 2010/11 season with QLAC(Queanbeyan Little Athletics Centre)

Dear Parent/Caregivers,

Welcome to another upcoming season of athletics. We hope you and your children are considering joining us again for another season. There are some changes to the way we will be doing registrations this season.

This season ACTLAA (ACT Little Athletics Association) are offering **online registration** for the first time. Registration can be done through the ACTLAA website: www.actlaa.org.au

Once you are on that website, simply click on the **Join Up/Register** icon on the left hand side of the screen. Anyone registering will be classed as a new registration and you will be given a password and login. Then select **Queanbeyan Little Athletics Centre** and follow the prompts to begin the registration process.

There are **2 options** for payment.

1. You can pay when you register by **credit card**, by choosing the Pay Now option.
2. You can pay at our Registration Days, by choosing the Pay Later option. We **do not** have credit card facilities at our Registration Days. Cash or cheque only.

Whichever way you choose to pay, it is important to attend one of the Registration Days to collect the athlete registration pack and numbers. Once you have registered, you will be emailed either a receipt or invoice, depending on your method of payment. This **MUST** be brought with you to the Registration Day, as well as Proof of Age for New Registrations.

We encourage all athletes to use the online system for registering and we are more than happy to have athletes pay on the Registration Days. By doing the registration online, it saves many hours of work for our volunteers in entering the athletes' details into the computer.

We will also have registration forms available on the Registration Days for those who do not have access to the internet.

We also have some vacant positions on the committee and also will require assistance on competition days. If you able to assist, please contact Marnie at marmac@comcen.com.au

Kind regards
QLAC Committee
